South Carolina State Report Card

State and federal laws require public schools to release report cards to the public each year. This year, the report card has been updated to reflect changes in reporting directed by the SC Education Oversight Committee. Schools will not be rated for state accountability purposes until Fall 2017 when the state will transition to a single accountability system. The following reports student performance in school year 2014-15.

Our district is helping all students develop the world-class skills and life and career characteristics of the Profile of the Graduate by ensuring that our students are engaged in rigorous, relevant and personalized learning experiences daily.

Richland One serves more than 24,000 students in pre-kindergarten through 12th grade at 52 schools and special centers in urban, suburban and rural neighborhoods. Student achievement is our focus, and our work in all areas and at all levels of the district is guided by our five-year Strategic Plan. Our mission statement says it all: "We are Richland One, a leader in transforming lives through education, empowering all students to achieve their potential and dreams."

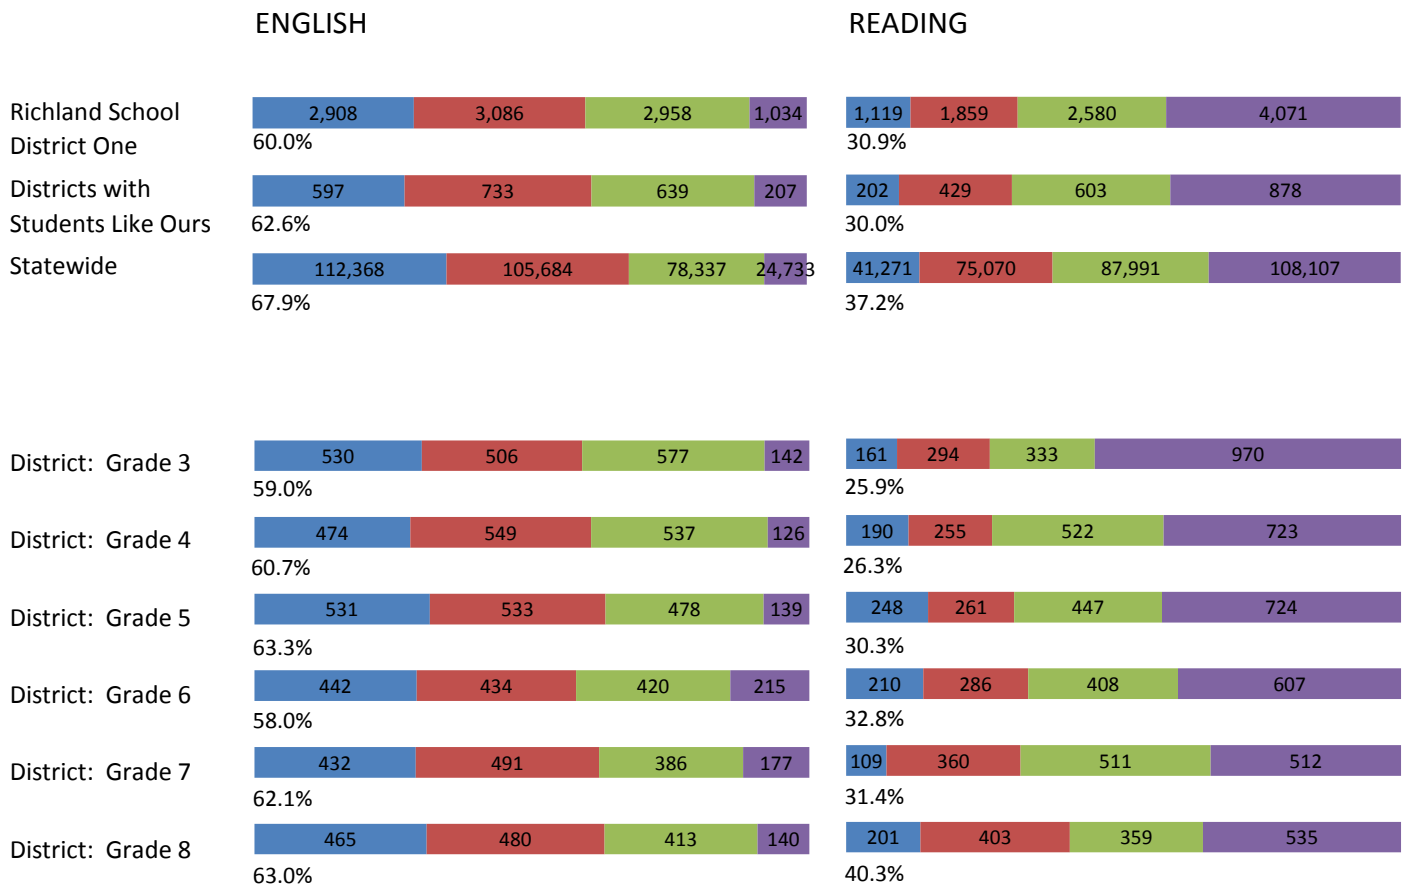

We provide our students with unique educational experiences designed to help prepare them for college and careers. Building robots, observing surgical procedures, repairing diesel engines and flying simulated space missions are just a few of the hands-on learning opportunities that our students can take advantage of in Richland One. Our diverse program offerings include Montessori programs, International Baccalaureate and other advanced academic programs, a health sciences magnet, foreign language education and international programs, visual and performing arts programs, career and technology education and an Evening High School Program. Richland One is also the home of South Carolina's only Challenger Learning Center for space science education.

In the 2014-2015 school year, we launched our Digital Learning Environment (DLE) initiative at the high school level. DLE expands the integration and use of technology as powerful tools for teaching and learning. The 2015-2016 school year marks the beginning of the second phase of the initiative as it rolls out to our middle schools and elementary schools. Through the 1:1 component of DLE, students in grades 3-12 will receive personal mobile devices. Richland One takes to heart the Profile of the South Carolina Graduate that includes world-class skills such as creativity and innovation, communication, information, media and technology. Our DLE initiative provides us the ability to impart these skills to our students. Students will have added, ongoing experiences to learn in a digital environment that will be more collaborative and engaging. They will be able to expand their learning to go beyond the walls of the school or the pages in a given textbook.

KNOWLEDGE

ACT WorkKeys is a job skills assessment system measuring "real world" skills that employers believe are critical in the workplace. The assessment is given to every South Carolina 11th grader with the exception of those eligible for alternative assessments. The assessment consists of three subtests: Applied Mathematics, Reading for Information, and Locating Information. Students can earn certificates at the Platinum, Gold, Silver, and Bronze level on WorkKeys assessments.
